

Declaration of Conformity

The manufacturer hereby declares that the products:

Product Name: Industrial Camera
Model Number(s): IQeye501, IQeye510, IQeye511
IQeye510DV, IQeye511DV

Declarations:

Vicon Industries Inc. declares that the model(s) listed above comply with CE Standards for EMC (per Directive 2004/108/EEC) and Safety (per Directive 73/23/EEC, as amended by 2006/95/EC).

Vicon Industries Inc. declares that the model listed above comply with Part 15 of the FCC Rules. This declaration is based on compliance with the test standard(s) listed below. Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Vicon Industries Inc. declares that the models listed above comply with ICES-003 of the Canadian Interference-Causing Equipment Regulations based on compliance with the test standards listed below. This declaration is issued under the sole responsibility of the manufacturer.

Tests Performed:

Mains Conducted Emissions	CISPR 22 (1997) to ANSI C63.4 (2003) CISPR 22 (2005) Class A EN55022 (2006) Class A	Radiated Immunity	EN61000-4-4 (1995) EN 55024 (1998 with A1:2001, A2:2003)

Declaration of Conformity

The manufacturer hereby declares that the products:

Product Name: Industrial Camera
Model Number(s): IQ030S, IQ031S, IQ032S

Declarations:

Vicon Industries Inc. declares that the model(s) listed above comply with CE Standards for EMC (per Directive 2004/108/EEC) and Safety (per Directive 73/23/EEC, as amended by 2006/95/EC).

Vicon Industries Inc. declares that the model listed above comply with Part 15 of the FCC Rules. This declaration is based on compliance with the test standard(s) listed below. Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Vicon Industries Inc. declares that the models listed above comply with ICES-003 of the Canadian Interference-Causing Equipment Regulations based on compliance with the test standards listed below. This declaration is issued under the sole responsibility of the manufacturer.

Declaration of Conformity

The manufacturer hereby declares that the products:

Product Name: Industrial Camera
Model Number(s): IQD61NI, IQD61WV, IQD62NI, IQD62WV, IQD63WV, IQD65NV

Declarations:

Vicon Industries Inc. declares that the model(s) listed above comply with CE Standards for EMC (per Directive 2004/108/EEC) and Safety (per Directive 73/23/EEC, as amended by 2006/95/EC).

Vicon Industries Inc. declares that the model listed above comply with Part 15 of the FCC Rules. This declaration is based on compliance with the test standard(s) listed below. Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Vicon Industries Inc. declares that the models listed above comply with ICES-003 of the Canadian Interference-Causing Equipment Regulations based on compliance with the test standards listed below. This declaration is issued under the sole responsibility of the manufacturer.

Tests Performed:

RoHS 2 Statement

Directive 2011/65/EU, Restriction of Hazardous Substances (RoHS) restricts the use of six environmentally hazardous materials that can be found in electrical and electronic products. This includes:

- 1) Lead, Pb
- 2) Mercury, Hg
- 3) Cadmium, Cd
- 4) Hexavalent Chromium, Cr+6
- 5) Polybrominated Biphenyl, PBB
- 6) Polybrominated Diphenyl Ether, PBDE

Vicon Industries Inc. certifies that all materials and/or components used in the manufacture of the below mentioned products are in compliance with the EU Directive 2011/65/EU Restriction of Hazardous Substance (RoHS). This statement is based on RoHS Declarations of Conformity received from Vicon Industries Inc. component suppliers and is accurate to the best of our knowledge. Vicon Industries Inc. makes every effort to ensure the correctness of supplier declarations and accepts no responsibility or liability as a result of inaccuracies of component supplier's declarations.

WEEE Statement

Directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE), encourages and sets specific criteria for the collection, handling and recycling of electric and electronic waste. The Directive:

- 1) Sets requirements for the amount of WEEE Collection
- 2) Requires WEEE to be treated
- 3) Holds resellers/producers accountable for providing WEEE returns, free of charge (according to the directive, the company that imports the products in each EU country [the "Producer"] is responsible for the recycle collection of products)
- 4) Requires manufacturers to mark WEEE product with the WEEE symbol. All applicable products in the EU market after August 13, 2005 must pass WEEE compliance.

Vicon Industries Inc. certifies that all materials and/or components used in the manufacture of the below mentioned products are in compliance with the EU Directive 2002/96/EC Waste Electrical and Electronic Equipment.(WEEE) and are marked with the WEEE disposal label.

REACH Statement

The European Regulation on Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) entered into force on June 1, 2007 and affects all companies producing, importing, using, or placing products on the European market. The aim of the REACH regulation is to ensure a high level of protection of human health and the environment from chemical substances.

Vicon Industries Inc.'s products are considered articles as defined in REACH Article 3 (3). These products/articles under normal and reasonable conditions of use do not have intended release of substances; therefore the requirement in REACH Article 7 (1) (b) for registration of substances contained in these products/articles does not apply.

Vicon Industries Inc.'s products/articles do not contain SVHC's or if there is SVHC in the product/article, the content is less than the 0.1% (wt/wt) as defined by REACH Article 57, Annex XIV, Directive 67/548/EEC. Therefore the requirement in REACH Article 7 (2) to notify ECHA if a product/article contains more than 0.1% wt/wt of an SVHC and tonnage exceeding 1 ton per importer per year is not applicable.

Vicon Industries Inc.'s European operations do not manufacture or import chemicals; therefore Vicon Industries Inc. has no obligation to register substances.

Conflict Minerals Policy Statement

Vicon Industries Inc. Vicon Industries Inc. is committed to conducting our business activities to the highest standards of ethics and social responsibility and providing our customers with ethically sourced products.

On August 22, 2012, the U.S. Securities and Exchange Commission (SEC) issued the final conflict minerals rule under Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. The Conflict Minerals Rule requires publically traded companies to report annually the presence of conflict minerals (tin, tungsten, tantalum and gold) originating in the Democratic Republic of the Congo or adjoining countries (Covered Countries).

Vicon Industries Inc. supports the goal of ending violence, human rights violations and environmental devastation in the Covered Countries. We are committed to complying with any requirements applicable to our Company under the Conflict Minerals Rule. We will work with our customers and supply chain partners in implementing conflict minerals compliance programs.
