## HD ANALOG CAMERA SERIES

*Get the power of high-definition video in the convenience of analog technology*

Vicon introduces HD analog cameras that deliver high-definition video in a conventional coaxial cabling environment at an affordable value. Removing traditional analog resolution limitations, our new HD analog cameras deliver HD video quality in an existing analog infrastructure.

Now you can capture crystal clear, high-definition video over coax with our HD analog cameras, offering 1080p full HD video that is sharper and more detailed than traditional analog CCTV cameras. They are as easy to install as traditional analog security cameras. HD analog technology is here to bridge the gap and give a high-definition solution to those with an analog system already in place. No new cabling is required when upgrading existing analog systems to high definition when you are using HD analog technology.

### Features

- Supports AHD/TVI/CVBS
- True WDR (120 dB)
- On-screen menus for setup
- 2MP (AHD/TVI)/700 TVL (CVBS) resolution
- Privacy Masking
- Motion Detection
- UTC protocol used to operate motorized zoom/focus and remote setup

An HD surveillance camera enables you to zoom in on areas of interest during live video and playback modes with exceptional clarity and detail. High resolution video is becoming more and more in demand as users are realizing that clear footage can be beneficial in identifying criminals and other potential threats.

Not only do you get true high-definition video, these cameras come with an on-screen menu that lets you fine tune the camera. You can set up wide dynamic range (WDR), motion detection and more.

Our HD analog cameras come in a wide range of styles, making them easy to fit into any location. Choose from indoor and outdoor cameras, along with bullet and dome form factors. A variety of mounting options are available.

## V672B Outdoor HD Analog WDR Bullet Camera

The V672B-W312MIR Outdoor Bullet Camera offers a durable housing incorporating a camera and motorized varifocal lens. The camera provides true WDR, motion detection, backlight compensation, highlight compensation and automatic white balance. The camera's durable construction, IP66 rated, makes the unit resistant to the harshest environments

- 2.8-12mm lens
- 91° - 28° FOV (H)
- 130 ft (40 m) IR distance

## V672D Outdoor HD Analog WDR Dome Camera

The V672D-W312MIR Outdoor Dome Camera offers a compact dome housing incorporating a camera and motorized varifocal lens in an IP66/IK10 rated dome housing. The camera provides true WDR, motion detection, backlight compensation, highlight compensation and automatic white balance.

- 2.8-12mm lens
- 119.9° - 28.8° FOV (H)
- 98 ft (30 m) IR distance

## V672V Vandal-proof HD Analog WDR Dome Camera

The V672V-W312MIR Outdoor Dome Camera offers a compact, vandal-proof dome housing with an integral camera and motorized varifocal lens. The camera provides true WDR, motion detection, backlight compensation, highlight compensation and automatic white balance. The IK10/IP66 rated camera package is designed to withstand the harshest conditions and destructive environments of correctional facilities, warehouses and loading docks.

- 2.8-12mm lens
- 94.2° - 26.2° FOV (H)
- 98 ft (30 m) IR distance

## V672-W-NL HD Analog WDR Box Camera

The V672-W-NL is a high-resolution day/night box camera; the C/CS lens mount accepts a wide range of lens options to suit any application and a standard autoiris output is provided. The camera is lightweight and compact, enabling it to be mounted in a variety of locations where space is at a premium. They are designed for easy installation and setup.

## Mounting Accessories

	Wall-mount arm for dome cameras	V670-HDB243
	In-ceiling mounting kit for dome cameras	V670-HCS254
	NPT pipe adapter for dome cameras	V670-HDA202
	Allows the dome cameras to be mounted on a 4x4 electrical box	V670-TRIM

## New Encoder

Our 16-channel ENC-H264-16 ONVIF video encoder converts analog video feed into a digital stream, enabling you to send the captured digital images over an IP network. You can then view live images on your IP network using video management software and add IP-based cameras as your budget allows.

### Update to New HD Analog

## Product Details

Model	Product Code	Description
<b>V672B-W312MIR</b>	10485-00	Outdoor Bullet HD Analog Camera; 2 MP supports AHD/TVI; 700 TVL for CVBS; true WDR; 2.8-12 mm motorized varifocal lens; IR illuminators
<b>V672V-W312MIR</b>	10493-00	Vandal-proof Dome HD Analog Camera; 2 MP supports AHD/TVI; 700 TVL for CVBS; true WDR; 2.8-12 mm motorized varifocal lens; IR illuminators
<b>V672D-W312MIR</b>	10484-00	Outdoor Dome HD Analog Camera; 2 MP supports AHD/TVI; 700 TVL for CVBS; true WDR; 2.8-12 mm motorized varifocal lens; IR illuminators
<b>V672-W-NL</b>	10491-05	Day/Night Box HD Analog Camera; 2 MP supports AHD/TVI; 700 TVL for CVBS; true WDR; no lens, C/CS mount; 12 VDC/24 VAC
<b>ENC-H264-16</b>	10490-00	H.264 16-Channel Encoder; supports AHD, TVI and CVBS up to 960H analog cameras
