

VALERUS VIEWING STATION (EMEA)

Compact multi-monitor workstation PC

The VLR-CLIENT-MINI is an ultra compact PC designed to provide Valerus operators with a high performance workstation. The PC supports UHD monitors (4K resolution) or can be connected to up to 2 monitors¹ at 1080P resolution.

Bundled with a VESA bracket, PC can easily be mounted behind a monitor or HDTV, offering a simple and effective way to turn any VESA-compliant display or TV into a full-featured Valerus display station.
