New Price List Includes Addition of ViconNet 7, IQ Camera Line and Several New Products

Edgewood, NY: (August 12, 2014) - Vicon Industries Inc. (VII:NYSE-MKT) (“Vicon”), a leading security solutions provider and producer, released today its updated 2014 Price List. This update includes the addition of newly released ViconNet 7, IQ camera line, several new cameras and new monitor line.

- ViconNet 7 model names, product codes and descriptions have been updated. Please note that the model names have been revamped to make the naming scheme more synchronized.
- The IQinVision Camera line has been included on a separate tab in preparation for our impending merger.
- **Cameras:**
 1. The Surveyor line has been updated with three new models and significant price reductions. All new cameras have improved low-light performance. Additionally, an SD version has been added that replaces and discontinues SurveyorVFT IP 36X and 23X models.
 2. The V-CELL camera has been upgraded to HD at same price as previous model.
 3. A new rugged IP PTZ dome, SN680D-WNIR, has been added.
 4. The Roughneck V920D line has been streamlined. The V920D/V921D/V922D motorized models have been discontinued and only the WDR versions will be offered at the motorized price.
 5. Arecont cameras (180°/360°) have been added to the price list
- New Monitor line has been updated to all LED models; the line now includes 18.5, 21.5, 23,24, 32 and 42 inch models.

Bret McGowan, Sr. VP Sales & Marketing at Vicon Industries says: *“This new price list includes a host of new and updated products for our customers.”*
